> The last act of the retiring Congress last week was a disgrace to that body and must prove very mortifying to Gen. Grant and his friends. The manner in which the General was placed upon the retired list was in keeping with that of the salary grab a few years ago. We reproduce a dispatch in another column, showing how it was done.

"And do you not offer as a consideration to support the Democratic ticket ?"
"Please answer when "you get time ?" Hello! Brewer, is that you 'shoutin'?'

Yes, this is me. 1st. I demanded just \$150, to be paid back in legal advertising, and knowing the men with whom I had to deal, and times being close for money, I demanded the money in advance of doing the work-and got it. I am now ready to do the work.

Do you bear? 2d. No, I was not requested to "not favor the Republican candidates." It was just the reverse. Do you want the proof? 3d. I must demand of you a definition as to what constitutes a Republican paper. If the Sentinet has ever been a Republican paper then I am not running a Republi-

can paper. The last two questions propounded, as you are well aware, are mere shilly shally. I would not have held the office under Arthur and would not if it was tendered, accept it from Cleveland.

As to the charge made in another column that we are an old lady, we deny the soft impeachment. We had always supposed that we were "not that kind of a cat," but hearing it repeated so often in the past fifteen years, from so reliable a source as the Scatinel, when driven to the wall and had no other argument to make, that we are almost left in doubt at times as to which sex we belong.

Time's up. Come to the 'phone, again Brewer, and let's talk these matters over. I will get the hang of the old machine shortly.

#### HOW IT WAS DONE.

Joneral Grant was Placed Upon the Retired List at the Sacrifice of a Republican Congressman,

WASHINGTON, D. C., March 5 .- In the onfusion of the inaugural day and of the upon the retired list until they were in of Fredericks against Witson, of Lows, the Republicans were equally determined that it should not be. The case stood for two days as the club by which all other legislation was to be prevented except the appropriation bills. The leaders of both parties were content with that situation, but under these circumstances it was impossible also to pass the Grant bill. The Democrats were obstinate. They would yield nothing. The Republicans did not wish to have Wilson sacrifice has sest, Finally what was practically the direct proposition came from the Democrats. They cared nothing for the Grant bill; they cared a great deal for the interests of the president claimant. Fredericks. So the president claimant, Fredericks So the Republicans decided that if Mr. Wilson was willing to come to the rescue of son was writing to come to the rescue of General The Democrais to declare Fredericks entitled to the seat and to perceive a compensation of \$10,000 for two years' service, none of which he performed, they would consent Mr. Wilson regretfully, on account of his own pride and sense of justice, but gladly for the sake of Gen. Some years ago one of Mr. Lelann's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running uleers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. Lelann's direction, was supplied with Ayer's Sarsaration, was supplied with AYER'S SARSAPA HILLA, which allayed the pain and fritation, healed the sores, removed the swelling, and completely restored the limb to use.
